EYEWEAR COLLECTION

ZEUS+ΔIONE

HELLAS

Dimitra Kolotoura co-founder and Marios Schwab creative director Zeus+Dione

Zeus+Dione Eyewear Collection reflects the concept of form and each pair acts as a window among two worlds: the sensible world which changes and the conceivable one that remains unchanged.

Through the lenses of the Eyewear Collection we aim at offering a personified experience to the wearer by embracing the uniqueness of the visual angle one has when observing things in life.

Zeus+Dione, a high quality handmade collection, is minimal, with geometric clean lines and precision in its design. The distinctive aesthetics, along with the bold lines provide uniqueness, luxury and timeless simplicity.
